FOR IMMEDIATE RELEASE

Gobosh Aviation Expands Dealer Network *Opportunities Remain in Select Eastern Territories*

November 20, 2007 (Moline, IL) Today, Gobosh Aviation announced that First Flight Aviation, LLC has joined their growing distribution network. First Flight is based in Fort Smith, Arkansas and represents Gobosh in Arkansas, Louisiana, Mississippi, Texas, Oklahoma & Kansas.

The First Flight Aviation team blends a rich aviation heritage with over 30 years of experience in aircraft sales, maintenance and flight training with business acumen honed by operating seven successful automobile dealerships. Currently an aircraft dealer for other piston products, First Flight recognizes that the Gobosh 700S is in a class by itself with the highest quality fit and finish and an unmatched warranty longer than any in the Light Sport market. “As a successful automobile and aircraft dealer, we understand the value that consumers place on a warranty and how that factory support makes it easy for us to keep customers happy,” states Jack Younger, General Manager at First Flight Aviation.

“We’re very excited about taking delivery of our first two [Gobosh 700S] aircraft only two weeks after we signed our dealer agreement,” adds Younger. “The 700 first captured our attention at AOPA Expo. After looking at other light sport aircraft, we quickly realized that the 700 simply has no equal in its class. The cockpit is neat and organized with no exposed wires or cables. The panel layout is akin to a much larger aircraft. The leather seats with embroidered logo are classy and the exterior finish is amazing,” concluded Younger.

- more -

Each Gobosh aircraft is backed by a 2 year/400 hour warranty with an inventory of parts readily available in the United States. Consequently, the Gobosh 700S is quickly making a name for itself in the light sport segment as being the “premium” aircraft in its class with the best ownership experience.

Gobosh is seeking to supplement their current distribution network of four dealers with equally successful and knowledgeable premium aircraft dealers in key territories:

Northeastern States serving NY, NJ, PA, ME, MA, RI & CT

Mid-Atlantic States serving MD, DE, VA & NC

Southeastern States serving SC, GA & FL

“We’re looking for customer-focused aircraft dealers who have the resources and drive to make light sport aircraft sales a growing segment of their existing business,” stated Tim Baldwin, President of Gobosh. “First Flight was an obvious addition to the Gobosh dealer network because of their approach to sales and customer support. They maintain an aircraft showroom and provide a customer experience commensurate with the purchase of a high ticket item product. Gobosh offers a premium product that deserves to be represented by the type of professionalism we found at First Flight,” Baldwin added.

“Gobosh has an aggressive growth plan so we’re looking for dealers who want to sell airplanes today and not just take deposits for future deliveries,” Baldwin concluded.

Dealer inquiries should be directed to:
